Czar's Army Surprised By Kaiser's Troops; Villa and Carranza Are Probably in Battle

Veterans of Villa Hurry Southward

While Forces Loyal to Carranza Are Making Equal Speed Northward, With the Result That Actual Hostilities Have Already Begun Between These Two Bodies In All Probability

VILLA'S ARMY CAPTURES CITY WITHOUT FIRING

Consul Silliman Reports That He Now Considers a Clash Inevitable, Although Some of the Generals Still Continue Their Efforts to Avoid An Open Rupture—American Customs Inspector and Cavalry Trooper Reported Hit By Stray Bullets.

ASSOCIATED PRESS TELEGRAM
Washington, Nov. 19.—With Villa's seasoned veterans hurrying southward on their way to Mexico City, and Oregon's artillery, loyal to Carranza, proceeding northward for a defensive campaign, administration officials today had dispatches from American representatives indicating actual hostilities in the southern Republic appeared inevitable. Unofficial reports related that General Obregon in a statement issued at Mexico City had declared:

"The northern forces have violated every armistice and promise made to us. I consider that all efforts made to settle the present trouble without resort to arms as useless."

Consular Agent Carothers reported Villa's army had taken the city of Leon without firing a shot. Other reports asserted six thousand of Carranza's troops at Irapuato had surrendered unconditionally. Irapuato was one of the points where, according to dispatches from Carothers, the first clash in the civil war was to have occurred.

Consul Silliman, reporting from Mexico City said he regarded actual hostilities as inevitable, although

some of the generals persisted in their efforts to restore peace. Mr. Silliman added that conditions in the capital were more serious than they had been since peace parleys were inaugurated between the Agua Calientes convention and Carranza.

Official reports were awaited today from Naco, Arizona, where six persons on the American side border were said to have been wounded by stray bullets during fighting between Carranza's Garrison and Villa's investing forces. An American customs inspector and a trooper of the Tenth cavalry were among those hit.

The general expectation in official circles today was that General Villa would reach Mexico City without much difficulty, fighting perhaps one battle as his troops clashed with those of Obregon and Gonzales near the capital.

SURRENDER TO VILLA.

TWO MACHINES ARE DAMAGED IN COLLISION.

Two automobiles were more or less badly damaged Wednesday afternoon at Central avenue and Granville street when a machine driven by Samuel Anderson of Alexandria ran into the car of Dr J. T. Harbottle. A grocery wagon which turned into Central avenue from Granville street contributed to the confusion which resulted in the accident.

The fender on the left side of the physician's machine was crushed and the fender, a lamp and the bumper on the Anderson machine destroyed.

THE NEW YORK STOCK EXCHANGE Will Not Open For Business As Was Announced Earlier

ASSOCIATED PRESS TELEGRAM

New York, Nov. 19.—The officials of the stock exchange announced this afternoon because of unforeseen difficulties, the plan to reopen the exchange for dealings in bonds has been indefinitely postponed.

Earlier in the day it was officially stated that trading in this class of securities would be resumed on Saturday, subject to minimum prices.

Soon after this announcement was made, officials of the exchange received inquiries from various parts of the country, some of which stated that the proposed opening did not allow sufficient time for bond houses and other dealers in these securities to make adequate arrangements.

It was also intimated that

pressure had been brought upon the exchange by prominent banking interests which are said to have declared that domestic and financial conditions were not yet sufficiently stable to permit the resumption of such operations with safety.

It was learned also that soon after the announcement of the proposed reopening on Saturday, large blocks of bonds were offered in the listed market at prices several points below the recent high level indicating that a return to normal trading might be attended by considerable liquidation. These and other factors when brought to the attention of the governors of the stock exchange, caused a hasty cancellation of the plans previously announced.

The British admiralty has announced that unofficial reports placed the losses aboard the Emden at 200 men killed and thirty wounded.

Federation Is Disputing as to Jurisdictions

ASSOCIATED PRESS TELEGRAM

Philadelphia, Nov. 19.—Jurisdictional disputes in many trades held the attention today of the delegates to the annual convention of the American Federation of Labor. The committee on adjustment to whom had been referred most of the trouble regarding jurisdiction, reported on thirty-nine cases. Some were amicably adjusted, in other instances the disputes were referred by the committee to have executive council for final adjustment, and about 10 cases were submitted to the delegates to be threshed out on the floor of the convention.

The dispute between the International Typographical Union and the Bookbinders' organization over control of the mailers employed in the printing business was referred to the executive council for adjustment after much debate.

The convention agreed to give support to the defense of the men who were arrested in Michigan in connection with the copper strike and to also aid the strikers at Atlanta, and at Gloversville, N. Y., where working people have been out four weeks. The convention condemned the alleged failure of the glove manufacturers to meet the representatives of the New York state board of mediation.

Tokio, Nov. 19.—The following official statement has been made to the Associated Press concerning the charges made in China that the Japanese army has been guilty of pillage and the dishonoring of Chinese women:

"An investigation concerning alleged acts of brutality imputed to our expeditionary forces at Kia Chow shows that they are distorted versions of requisitions legitimately made by armed forces of war. The report that our soldiers have committed acts of brutality towards Chinese women is without foundation.

"If Chinese have been wounded or killed, it is because they attacked a detachment of Japanese troops who were in a state of legitimate defense.

"The baseless charges against the Japanese army are doubtless founded on the following incidents.

"On Sept. 16, Japanese soldiers at Heiriten, entered a Chinese home to buy fruit, when they were surrounded by a band of menacing villagers.

Being in danger the Japanese fired blank cartridges to frighten the Chinese, but without result. Attacked, they defended themselves by using ball cartridges. One Chinaman was killed and one wounded. French Report
That Activity
Is Increasing

ASSOCIATED PRESS TELEGRAM

Paris, Nov. 19.—The French official announcement given out by the war office this afternoon says that yesterday saw in the north increased activity in artillery fire particularly between the seacoast and the river Lys. There were no infantry attacks in this region.

The text of announcement follows:

"On the north yesterday was marked by a renewal of activity on the part of the enemy's artillery, particularly between the seacoast and the river Lys. There were no infantry attacks in this region.

"Between the Oise and the Aisne, the operations in the vicinity of Tracy Le Val had a termination very favorable for our troops. It will be remembered that we took possession of this village several days ago. The day before yesterday the Germans endeavored to capture it. After having captured our first trenches they succeeded in making their way as far as the central square of the village. Here, however, a vigorous counter attack delivered by our Algerian contingents drove the enemy back, wrested from him all the ground we had lost, and inflicted on him very heavy losses.

"In the Argonne we have maintained our position. Along the rest of the front there is nothing new to report.

German Army of General Von Hindenburg Which Has Been In Retreat From Before Warsaw, Suddenly Turns and Makes Its Presence Felt—Battle In Flanders Is Still Raging

CRITICISM IN BERLIN OF RETROGRADE MOVEMENT

Will Be Turned to Plaudits, if the General Commanding German Forces In Russian Poland, Who is the Hero of the Hour, Turns to Advantage the Check Which He Has Given to the Advancing Muscovites—Allies' Warships Hurling Shells Inland.

ASSOCIATED PRESS TELEGRAM
London, Nov. 19.—The battles continue between the vast armies of the Austro-Germans, and the triple alliance, in both the west and east.

Ambassador Morgenthau had been directed to inquire of the Turkish government why land forces had fired on the Tennessee's launch as it steamed from Vourliah to Smyrna, to investigate conditions at the American consulate, and the commanders of the Tennessee and her sister ship North Carolina in nearby waters, had instructions to make no move that might embarrass the Washington government.

President Wilson has determined that the United States should not become involved in trouble with Turkey, and confidence was expressed that if the Turkish officers had acted without the authority of their government, or the firing was unjustified by naval procedure, that the Porte would apologize.

Secretary Daniels summed up his view of the incident by declaring that the firing was intended as a friendly warning to prevent the launch from entering mined waters.

Apparently, however, he did not continue on his way to Smyrna, but belief was expressed that if the consulate had been in imminent danger, the Tennessee would not have left the vicinity. An outstanding effect of the incident was believed, was to impress upon the Ottoman authorities the anxiety felt for the safety of Americans in Turkey, where conditions have been uncertain for many months.

The unexpected blow delivered on the Russian center by General von Hindenburg with the German army, which had retreated from before Warsaw, was the predominant feature of the news reaching London today from the eastern arena of the war.

No change of importance has been recorded for some days past in the western arena, where Flanders is still the scene of heavy fighting. In spite of adverse weather conditions and flooded trenches, the Germans appear to be holding their positions from which, at intervals, they launch the attacks for which the territory from the Belgian coast to Aras has become famous.

The allied warships are still off the coast, hurling shells inland where opportunity offers. The Belgian army remains in the region where the floods have been the worst, and some dispatches say that in certain places they have been fighting from small boats.

Having for the time being thrown back the Russian advance toward the German frontier of Posen, General von Hindenburg is the hero of the war.

Cleveland Superintendent, Sentenced For Contempt, Has Appealed to the Supreme Court

If the supreme court decides to review the case, execution of the sentence against Frederick will be delayed.

ASSOCIATED PRESS TELEGRAM

Columbus, Nov. 19.—Whether the supreme court will review the case of Superintendent J. M. H. Frederick of the Cleveland public schools, sentenced to ten days in jail and fined \$100 for contempt of court in refusing to reinstate six Cleveland teachers members of the teachers' union, was argued before the court today. Judge Scott of the Cuyahoga county common pleas court had ordered the teachers reinstated, after Frederick dismissed them, and when the superintendent refused, sentenced him for contempt.

The appellate court affirmed the lower court and Frederick appealed.

The case was brought in the name of John G. Owens, a taxpayer, for whom John Cline, former Cuyahoga county prosecutor, argued before the court today. John N. Stockwell, director of law in Cleveland, was counsel for Frederick.

Causing Death of Nine, and Wounding of Five Persons—Bodies Also Washed Ashore.

Associated Press Telegram

The Hague, via London, Nov. 19.—Holland's difficult position as a result of the European war is shown by one week's reports from the coast and frontiers. Along the coast, eighty mines of French, German and English make have come upon shore and exploding caused the death of nine persons and the wounding of five.

Over one hundred bodies, presumably of British sailors from sunken warships have been washed ashore and buried with military honors.

Along the southern frontier nearly 200 Belgians who had been hiding from the Germans surrendered to the Dutch army. They crossed the frontier in civilian clothes and then put on their uniforms, which they carried in bags and claimed protection in the Dutch International detention camps, saying that otherwise they would starve.

Since the beginning of the cold weather a dozen Germans have crossed into Holland, surrendering their arms and been sent to detention camps.

On Nov. 1, an apparently damaged war balloon floating at a great height, passed over the southern provinces and disappeared in an easterly direction. On November 16 a German border patrol near Nieuweschans opened fire on Dutch frontier guards, mistaking them for smugglers.

First Mid-Winter Exposition Will Not Be Affected—Cattle Disease Situation.

Associated Press Telegram

Columbus, Nov. 19.—Ohio's first mid-winter exposition to be held at the state fair grounds here January 9 to 15, will not be affected seriously by the quarantine imposed on the state because of foot and mouth disease. This announcement was made today in answer to repeated inquiries from prospective exhibitors.

The dairy exhibit will be harmed slightly, but since plans for the exposition had included exhibit for few animals, the result will not be serious.

Dairy products will form the greater part of the exhibit.

Protests from stockmen and bankers against the quarantining were scanty today compared with the number which poured into the agricultural commission's office yesterday. These interests are apparently had been satisfied temporarily with the authorities promise to release herds free from foot and mouth disease, for shipment to slaughter houses within the next few days. The question of raising the quarantine partially from certain counties where no cases of the disease had been reported was under discussion today at a conference of President A. P. Sandles, and Chief Veterinarian Paul Fischer of the Agricultural commission, and Dr. Marion Ives, federal inspector in charge of Ohio work. They expressed small hope of being able to raise the quarantine with safety, however.

Induced from reports reaching the office of John C. Speaks, state fish and game warden, sportmen received with a whoop of joy, the order given out yesterday permitting duck hunting from boats only, on all lakes in the state. Hundreds who never before hunted water fowl made lines for lakes and prepared to spend on ducks ammunition they had expected to give rabbits.

Rabbits imported from other states can be bought on the markets, but their prices are higher than usual at this time of year.

DEPARTMENT ISSUES A WARNING AGAINST BOGUS INSPECTORS.

Washington, Nov. 19.—Warning to cattle men to beware of men posing as representatives of the federal government in its fight against foot and mouth disease, went out today from the department of agriculture. Reports to the department say persons who claim to represent the government are appearing in infected states with so-called cures. Officials say there is no specific cure for the disease and that the only way to prevent its spread is to keep well herds from contact with infected ones. The warning cautions farmers to make sure that men claiming to represent the department are actually federal inspectors.

ASSOCIATED PRESS TELEGRAM

New Orleans, Nov. 19.—What speakers termed the injustice of the recently imposed war tax on beer and a general discussion of the prohibition movement featured sessions of the United States Brewers Association convention here today. The board of trustees in their annual report made the statement that the government by the grace of the new law is getting three times the revenue from beer that the brewers themselves get.

The trustees pointed out that during the last half of 1913 beer sales decreased 2 1/2 per cent., due, they said, to disturbed business conditions. During July, August and September of this year, the business decreased 10 per cent. as compared with the same period the previous year.

TO ATTEND SHOW.

A number of the Newark friends of Billy Wagner, will go to Zanesville this evening to witness the production, "Seven Keys to Baldpate," in which Mr. Wagner is playing the leading role. He has many friends in Newark and several years ago played the leads in the Nancy Boyer Stock company, and last year was seen in "Stop Thief."

Improvements Being Made at Local Theatre

Work is being rushed on the Victoria theatre, formerly the Auditorium, for the opening night by the Hall Players in "Ready Money."

Peters & Co., of Wheeling, W. Va., painters and decorators for Gus Schaffer's string of theatres, have the contract for repainting and redecorating and have a dozen local men at work so that there will be no delay in the opening of the house under the new management. It is Mr. Schaffer's policy to employ all local union labor in all of his theatres.

Mr. Jerome Casper, of the booking firm of Schaffer & Casper, of Pittsburgh, and general manager for the Schaffer theatres' in charge of the Victoria in this city. He is an up-to-date enterprising theatrical man and he intends to put the Victoria on a par with any of the leading theatres of the country. He is renovating the entire auditorium, stage, dressing rooms, foyer, check rooms and lobby and all of these places will also be repainted or repapered.

The ladies' room will be in charge of a maid and children's nursery will probably be installed fitted with toys and amusement devices so that mothers can leave their children in charge of a nurse while they enjoy the drama. Manager Casper is also trying to solve the solution of a smoking room for the men and may have one arranged before the season is very far advanced.

The asbestos curtain is being newly hung so that there may not be any trouble in case it becomes necessary to use the same. It works from iron pipes and slides up and down iron grooves which are air tight, making it impossible for fire to leap from the stage to the audience whenever the curtain is lowered.

One of the pleasing innovations at the Victoria will be the installation of an electric sign in front of the building which will be 22 feet long containing the name of the theatre, "Victoria."

The Hall's Associated players have a reputation of being one of the best stock companies in the country. They will have a change of bill twice a week opening with "Ready Money" and closing with "Deep Purple," a story of the underworld. The evening performance will begin promptly at 8:15 and the matinees at 2:15. The prices will be 10, 20, and 30 cents and 50 cents for all box seats. Reservations can be made at any time.

Mr. Schaffer has theatres at Wheeling, Pittsburgh, Steubenville and Braddock, Pa. Manager Casper promises the people of Newark pleasure and entertainment throughout the theatrical season and extends a cordial invitation to all to visit his theatre and note the many nice improvements which have been made.

The Missionary circle of which Mrs. Charles Watkins is leader, met in the social rooms of the Baptist church yesterday afternoon and devoted several hours to knitting comforts, the proceeds from which will be used for the Mather school in Buford, S. C. Twelve ladies accepted the invitation to work and enjoyed the dainty refreshments provided by Mrs. Watkins and only daughter, Miss Mary, who have the sympathy of their many friends in their bereavement. Funeral services will be held in the Baptist church Friday afternoon at 1:30.

The senior class of Doane Academy gave a delightful social stunt last evening in Cicer-Irving hall, in form of a farmer's picnic. The scene was enlivened by many striking make-ups, farm products were much in evidence, games were played, and refreshments were served in "individual lunch-boxes for two." It was a merry company of twenty-two, who thoroughly enjoyed doing something "different" from the usual dress reception. Those in charge of the affair were: Misses Margaret Colwell, Helen Ray, and Mr. John Hendley.

The first of Prof. Eacham's series of lecture-recitals was given last evening at 8 o'clock in Recital Hall to an interested audience. His topic was "Beethoven the Immortal," which he treated in a manner all his own, illustrating the three periods of development in the life of this great man by selections from his compositions. At the conclusion of his lecture, he called upon Miss Ferrar to give the Andante from the Fifth Symphony on the pipe organ and the first movement of the Last Symphony on the piano. Miss Ferrar is a brilliant performer on both instruments and her wonderful technique was greatly in evidence last evening. Prof. Eacham promises a great evening with the orchestra on December 10.

The football team of Doane Academy will play the last game of the season on Beaver Field next Saturday afternoon, November 20, against Delaware High school. The game will be called at 2:30 and it promises to be a lively encounter.

Miss Helen Harvey of Sherman, Texas, who has been Mrs. Theodore Johnson's house guest since Monday, was honor guest at dinner at Sigma Chi chapter house last evening. Miss Harvey leaves this evening for St. Louis.

Mr. Harvey Gates of Worcester, Massachusetts, in years gone by a prominent farmer of Granville township, was calling on Granville friends yesterday, leaving on the evening train for Johnstown.

Dr. Russell Atkins, recently returned from China, and his sister, Miss Marie Atkins of Chicago, are staying at the home of Mrs. J. G. Fawcett on Main street.

Misses Atkins and their mother, Mrs. Fawcett, are the daughters of Dr. H. S. Colwell of the sudden death last night of his brother, Mr. Walter E. Colwell of Washington, D. C., who was in a hospital in that city for a similar operation. His condition had been most favorable for a rapid recovery, when a sudden turn for the worse, was experienced, which resulted in his death.

All day Congressman Ashbrook received friends and applicants for the position which will be vacated by the forced resignation of Dr. LeRoy C. Benedict. At noon the Vonhof hotel fairly swarmed with voters of all political faiths, who congratulated their representative to congress for the coming two years.

Athletic games and general sports are rapidly growing in favor in Newark.

It has been stated that an elephant sleeps only five hours each day.

FITZSIMMONS TEAM CALLED FOR PRACTICE

The Fitzsimmons football team will practice Thursday evening at the corner of Sixth and Main streets, at 7:30 o'clock sharp. The following players are requested to report: Kiley, Keyes, Hagar, Harris, Ferno, Williams, Martin, Wallace, Davis, Smith, Jenkins, McCarthy, Smeitz, Gilmore, Brown and Canserass. The above players will go to Zanesville Sunday to play the strong Armco team of that city. The team will leave Newark Sunday morning at 10:45 via the Ohio electric.

OIL TREATMENT FOR STOMACH TROUBLES

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Stomach Remedy, is now sold by first class druggists everywhere. It is now sold here by F. D. Hall and H. G. Marshall.

GRANVILLE MAN DIES AT AGE OF NINETY-TWO YEARS

(Special to The Advocate) Granville, Nov. 19.—Deacon Henry Palmerton, one of Granville's oldest and best known citizens, died Wednesday afternoon at 3 o'clock after an illness of five days, during which time he did not regain consciousness, following the third stroke of paralysis. Mr. Palmerton was almost ninety-two years old, had been prominent in church work most of his life, and was known and loved by all for his upright, conscientious Christian character. He is survived by his wife and only daughter, Miss Mary, who have the sympathy of their many friends in their bereavement. Funeral services will be held in the Baptist church Friday afternoon at 1:30.

War Children's Christmas.

The War Children's Christmas Fund has headquarters at 35 West Thirty-ninth street, New York City. Theodore Roosevelt is honorary chairman and Mrs. John Hays Hammond is national chairman. Charles D. Hillis treasurer and Eva MacDonald Valesh secretary. The movement has the approval of President Wilson.

Through the co-operation of the press this has become a great national movement of mothers, fathers and children giving freely and lovingly to the saddened and desolate children of Europe whose fathers will be away on the battlefield this coming Christmas day—indeed many of them will never return.

The Christmas ship has sailed and its mission is happily concluded but the War Children's Christmas Fund will continue its work up to Christmas eve at which time the organization will cable to the European committee the last funds received.

Up to December 15 the organization will have three Christmas ships a week sailing from our shores, able to carry each week fifteen tons of clothing, food and all the good things which our generous people will gladly give to the War Children of Europe.

The secretary, Eva MacDonald Valesh, writes to the Advocate saying:

"It was a child who started the War Children's Christmas Fund. Little Natalie Hammond, the 12-year-old daughter of Mrs. John Hays Hammond, read of the sufferings of the little refugee War Children and said: 'Mamma, don't give me anything for Christmas, send it all to those poor children.'

"Her example is being followed far and wide. The Sunday schools are filling stockings with the pennies and dollars that would ordinarily have been used for a home Christmas and sending the stockings to make many War Children happy.

ment and disqualification for public office for three years.

Able men willing to run for office are none too common. Even if whipped, if they make a clean and effective campaign, they acquire a strength that makes them a party asset. A man who should be convicted of breaking a law of this kind might just as well retire to the calm peace of private life.

A political committee, no matter how lawless and mercenary, would think a long time before asking its candidates to take chances on a law with teeth in it.

No doubt political committees will continue to spend large sums of money, in the present state of our political standards. But it is a great advance if candidates can be protected from what is essentially blackmail, and if it shall become possible for men to run for office, even if they can't tap a fat barrel.

Breeding Horses.

An anonymous contributor in the name of a little child:

"A woman sent \$50 because she loves children."

"Just as acceptable was the widow's wife" of 50 cents, which was all she had to spend for her own child.

"All the expenses of the Fund

have been provided by generous friends.

Volunteers do the work of distributing literature and packing the Christmas boxes.

"It is estimated that 50 cents will provide a Christmas box that will make a child happy. This box will have some new article of warm and comfortable clothing. It will have a stocking filled with raisins, nuts and candies (for these are food). It may have a little doll or a toy because many good friends send these, and we want to tuck in a few pennies of the coins of the country, so that each child may buy some trifle dear to the childish heart.

"But in addition to the Christmas boxes there are whole cases of coats, capes, dresses, overcoats, shoes, underwear, canned food—in fact, everything that will make Christmas a day of warmth and comfort and happiness. Please send only new things because the sanitary regulations of the government do not permit us to forward anything else.

"Send money, if you will, because we can use it to buy great quantities of good things at wholesale very cheaply—but if you prefer to keep the money in circulation at home, buy your materials there and forward the garments. We will be glad to accept anything your generosity dictates.

"Send money or gifts to the War Children's Christmas Fund, 35-37 West Thirty-ninth street, New York City."

Campaign Expenses.

So-called corrupt practice laws compelling candidates to make returns of money spent in canvassing are now on the statute book in most of the states. Interesting figures of the cash value placed on political ambitions are consequently coming in.

Back in 1856, the Democratic National Committee elected Buchanan president with an expense of \$25,000. In 1860, the Republican-elected Lincoln with \$100,000. This was considered a big sum then. Of recent years it has taken millions to elect a president. A similar range of expense prevails all down the line. Political committees are lukewarm, unless a candidate sets the money question in the proper light. He simply has to pay, to get a "look-in."

The candidate needs protection against rapacious heelers. In Massachusetts this year a new law of this character went into effect. It permits violators of the law to be punished with loss of the office to which they are elected, disfranchise-

Help for Belgium.

Forty-five thousand dollars is needed to lead the second mercy ship with food for the vast number of Belgians whose fields have been ravaged, and whose homes and shops have been destroyed by a war which ought never to have touched their country. Certainly the dispatch of this second steamer will not be delayed by the lack of this money. This city has given but a small part of what it might without feeling it much, and the whole State has been invited to contribute to the lading of the Orin.—Philadelphia Record.

American Potash.

Franklin K. Lane, Secretary of the interior, announces that American potash will be produced in California within a few weeks. Chemical fertilizer manufacturers fear that the quantity will not be sufficient to meet the demand. The plant at Seales Lake, Cal., will start with a production of 50,000 tons a day, and this will be increased to 120 tons a day, or 27,600 a year.—New York Sun.

DARK DAYS.

The man who's fond of balmy peace is sad and out of humor, for he can nowhere find release from war and warlike rumor. When he has chewed his midday greens, he settles down to reading, but finds that all the magazines are full of nations bleeding. And every book he comes across but rends his heart asunder, describing death and total loss, and scenes of blood and thunder. On Sunday to the church he hies, far more depressed than skittish, to hear the pastor analyze the elders and the British. He drifts into the butcher's store, to buy some potted ganders, and there the dealer talks of gore, and roasts the French commanders. He seeks a refuge at the club, but leaves again, despairing, for there he finds a noisy cub describing Russian daring. In vain he tries to find a gent who'll talk of income taxes; the people's energy is spent discussing battle-axes. And when he rests, he's worried by his daughter: "Dad, please explain," she makes request, "the cause of all this slaughter." And so it goes, by day and night, his worries chafe and fret him; he'd fain forget that famous fight, but people will not let him.

"Don't you think the Muscovite onslaught is awful?"

Difficult Feat.

"Why doesn't the policeman pay his fare?" inquired the old gentleman on the twopenny tram, observing that no money passed between the constable and the conductor.

"Well, you know, sir," explained the conductor, "you can't get two-pence out of a copper."—Tit-Bits.

All the work was mapped out for the new charwoman, but about the appointed time she arrived in tears.

"My poor 'usband was shot in the battle," she said, and "he's passed away."

The employer was all sympathy, gave the widow the half-crown she ought to have earned, and did the necessary work herself.

The next day she met the neighbor who recommended the woman, and said:

"You've heard, I suppose, about Mrs. W.'s husband being killed?"

"Yes," said her friend. "But she ought to have got over it by now. It was in the Boer War."—Tit-Bits.

GET RID OF HUMORS AND AVOID SICKNESS

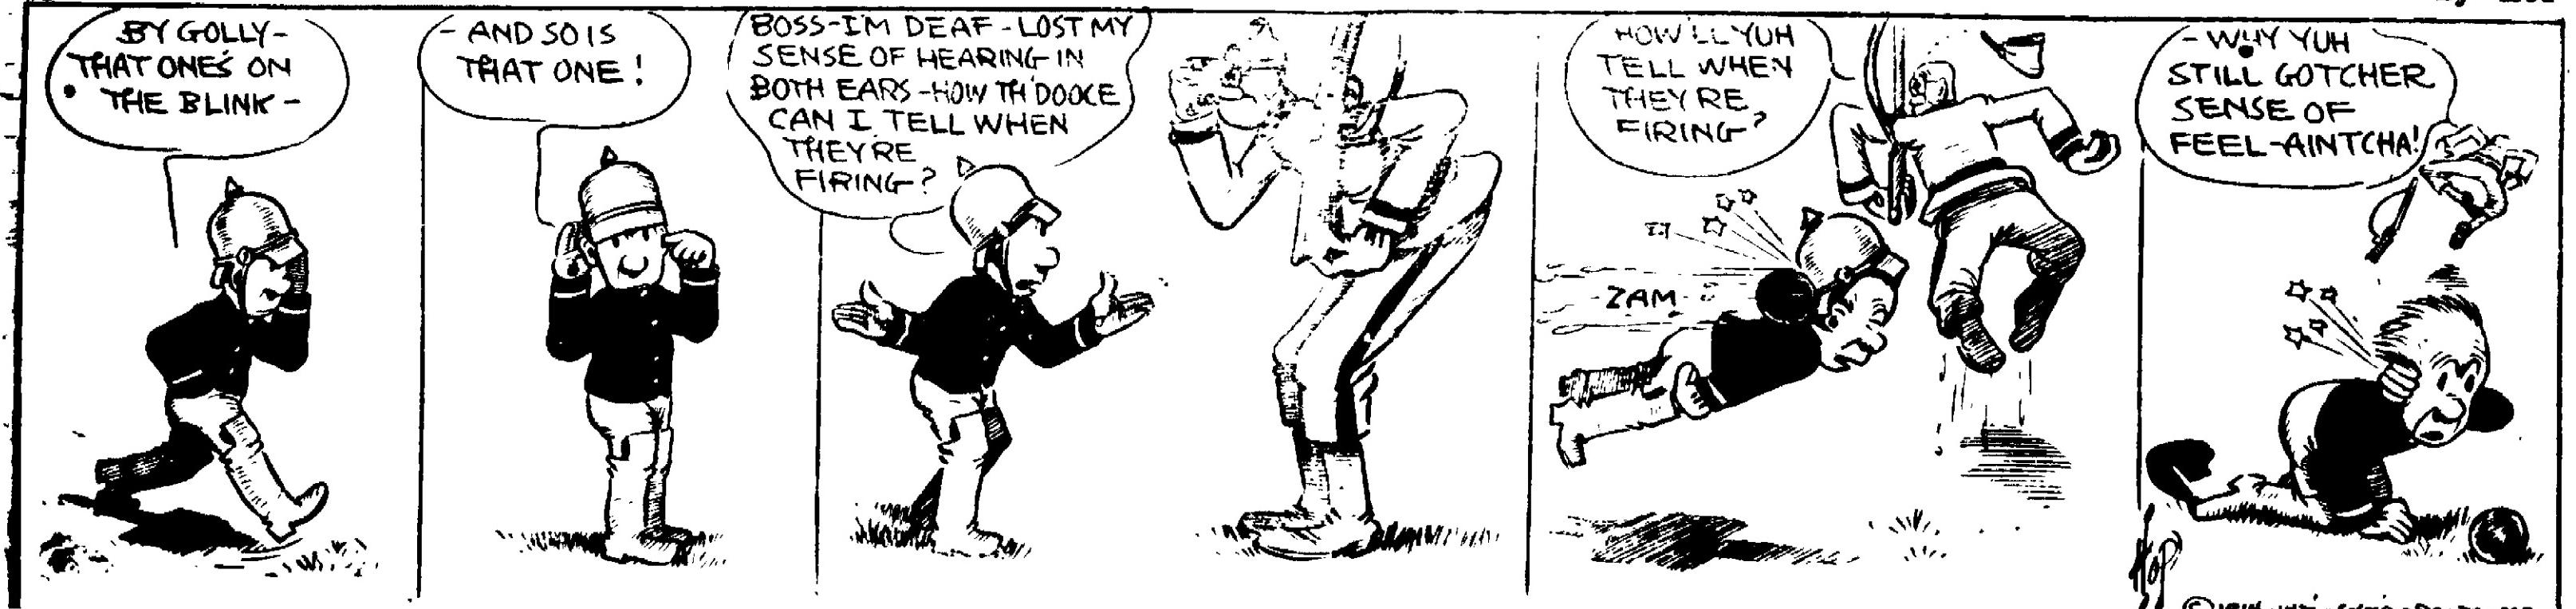

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease.

In reply to some of the many questions that have been asked regarding the Tom Thumb wedding, those who had it in charge desire to say that Mrs. J. H. Poil of Columbus selected the children and drilled them in their parts. Mrs. Poil has been doing this work for churches and other organizations for a number of years. She furnished the suits worn by the boys, the pink gowns worn by the bridesmaids and the maid of honor's dress. The bride, the flower girl, the ring bearer and the feminine portion of her family and guests wore costumes of the "made in Newark" brand.

The names of two noted guests were inadvertently omitted—Madam Schuman-Helme (Margaret Fulton) and Miss Mary Reeder, who is a Reeder by profession as well as in name. She was impersonated by Little Miss Mary Neighbor.

Mrs. W. E. Wallace was hostess to the members of the Jolly Stitchers at her pleasant country home east of Jacksontown on Tuesday. A short program was rendered: Piano solo, Mrs. A. M. Arnold; current events, Mrs. Lewis Coffman; vocal solo, Mrs. C. R. Meredith; reading, Mrs. M. C. Harter.

A dainty two course luncheon was served to the following members: Mesdames T. C. Jury, M. E. Harter, Carl Fulk, W. V. Davis, L. E. Crow, Lewis Coffman, E. V. Beard, C. R. Meredith, A. M. Arnold, Charles Frymire, O. H. Tavener, and the following guests: Mrs. Glennie Lewis and the Misses Emma Wallace, Margaret Fulk, Helen and Mabel Wallace, and Messrs. Lewis Coffman and W. E. Wallace and Master Oliver Davis.

The next meeting will be with Mrs. A. M. Arnold on Tuesday, November 27 at her home north of Jacksontown.

The Town Luncheon club will meet on Friday of this week at the home of Mrs. David Dowden with Mrs. Fulton Van Voorhis as hostess.

The members of the L. A. to the B. of L. F. and E., went to the home of Mrs. W. S. Johnson in 397 East Main street on Tuesday evening and gave her infant daughter, Lillian Marie, a shower. She received a very handsome ring from the guests. The evening was informally spent and luncheon was served to about twenty of the auxiliary members of the brotherhood.

SETTLES-VARNER. On Monday afternoon at the parsonage of the Central Church of Christ, Rev. W. D. Ward, solemnized the marriage of Miss Iva A. Varner and Mr. Earl G. Settles. Mr. and Mrs. Settles will reside at the home of the groom's parents, Mr. and Mrs. George Settles of near Hanover. The bride is the daughter of Mr. and Mrs. Loyd Varner near Black Hand.

The Trinity Episcopal church will give a tea at the home of Mrs. W. W. Neal, 45 North Fifth street on Friday afternoon beginning at two-thirty. A table market of home-made articles also will be held during the afternoon and it is hoped that a great many people will drop in for a cup of tea and a sandwich.

Mrs. Harry Rainey was hostess to the Social Embroidery club on Wednesday afternoon. Sewing and a poetry contest afforded the entertainment and the favors for the contest were awarded to Mrs. Louis Harwath and Mrs. John Chappelar.

The Rainey home was prettily arranged with pink and white carnations and the members and guests were invited to the dining room where a dainty two course chicken dinner was served. The guests of the club were Mrs. Fred Rohr and Mrs. Louis Harwath. The club will meet in two weeks at the home of Mrs. Robert Lytle in 161 Ninth street.

The Wednesday Afternoon Sewing club was delightfully entertained at the home of Mrs. Samuel Cohen in Hudson avenue on the club day. A delicious supper was served the following: Mrs. Carl Swisher, Mrs. Jas. Cooper, Mrs. Lee Moore, Mrs. Fred Warner, Mrs. Fred Gleichen, Mrs. Ralph Hutchinson and Mrs. Frank Douse.

Mrs. R. F. Kilpatrick entertained with a pretty afternoon sewing party at her home in North Fifth street on Wednesday afternoon. The home was arranged with white carnations and yellow chrysanthemums and a delicious luncheon was served. During the hour an alphabetical "T" party—each word to end in "ty" was given and the souvenir was awarded to Mrs. Samuel Sachs.

Mrs. W. C. Miller entertained the members of the Tuesday Afternoon Bridge club on Wednesday at her home in Hudson avenue. At the conclusion of the game the club trophies were awarded to Mrs. Ralph Wyeth and Mrs. Clarence Heisey while the guest souvenir was received by Mrs. J. Carroll.

Free Lecture At High School By Mr. Thorn

Most impressive and delightful in every detail was the reception tendered Mr. and Mrs. Richard Shide by the congregation of the Second Presbyterian church in the church on Wednesday evening. Mr. and Mrs. Shide on that day celebrated the fifty-sixth anniversary of their wedding.

The regular weekly prayer meeting was held and Rev. Don. Tullis, the pastor, took for his subject "Home."

At the close of his discourse he called Mr. and Mrs. Shide to the altar and in an improvised marriage service which the pastor read, the bride and groom of many years ago renewed the marriage vows. Mr. Bodenweber, a student at Denison University sang "Silver Threads Among the Gold" and an informal reception was held; the members of the congregation extending congratulations and best wishes to the bridal couple. Tea was served during the evening, Mrs. C. W. Miller and Miss Florence King presiding at the tea table which was adorned with candles and large white lilies.

Assisting were Mrs. Edward King, Mrs. Ralph Wyeth, Mrs. Malcolm Baker, Mrs. C. Harrington Davis, Mrs. Charles Rhodes, Mrs. Clay Van Voorhis, Mrs. J. Howard Jones and Mrs. Clarence Hoisey.

Mr. Shide made a short address in which he sketched his earlier life which was spent among the Indians in Kentucky. He came to Newark where he was married, the wedding taking place in the building which occupies the site on which is now located the Seller Hotel.

Mr. and Mrs. Shide reside in Cherry Valley, and they are both enjoying the best of health and on Wednesday they were the recipients of showers of congratulations. Over one hundred and fifty people joined in the reception at the church.

The Social Sewing club met November 11 at the home of Mrs. B. F. Tatham. She is the oldest member of the society and was able to be present, after a long illness.

Rheumatism and Lum-bago Cured By Lax-Uric

Pittsburgh Residents Testify.

Many prominent residents of Pittsburgh tell us of the prompt and permanent relief they obtained in severe cases of Rheumatism and Lum-bago by the use of Lax-Uric, the new discovery, so much talked about in all quarters.

This new medical discovery is a combination in powder form, of the valuable ingredients of the famous mineral waters of Bohemia, reinforced by the addition of Lithia and Phosphate of Soda. When added to water it makes a pleasant, sparkling drink, and is absolutely harmless.

Lax-Uric acts as a laxative and uric acid solvent and eliminates in the natural way all poisonous matters from the system, thereby relieving Lum-bago, Rheumatism, Gout, Backache, Kidney and Urinary Troubles, and many other dangerous Uric Acid conditions. Get a bottle today and it is hoped that a great many people will drop in for a cup of tea and a sandwich.

The guests of the club were Mrs. Fred Rohr and Mrs. Louis Harwath. The club will meet in two weeks at the home of Mrs. Robert Lytle in 161 Ninth street.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF---25 CENT DANDERINE

Thin, brittle, colorless and scraggly hair is mute evidence of a neglected scalp; or dandruff—that awful scourf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—anytime—will surely save your hair.

They salute in the beloved queen, the woman, the wife and the mother who, after having shown in time of peace every goodness of heart, gives in time of war an example of devoted courage and whose noble figure is associated in the heart of every Belgian with the image of the Fatherland."

Interest Grows In Big Meeting

Subject Last Night Drew a Large Crowd That Filled the East Main Street Auditorium.

Lee Starke the Brooklyn Evangelist who is conducting a stirring revival at the East Main Street M. E. Church drew another large and enthusiastic crowd last night to hear his talk on "The Life of Peter." It was a sermon full of pungent, powerful sparkling truths. While nearly all of the evangelist's sermons are filled with hot shots at his audience, he is a good story teller, and a vein of wit permeates his addresses and adds to the pleasure of hearing him. Mr. Starke has a strong personality that at once wins and holds for him the closest attention of his auditors.

Tonight the evangelist is to take for his subject "Neglect," this is a talk especially designed to arouse Christians, and an earnest invitation is extended to all church members to attend this service. On Friday night a Mass Meeting of Christians will be conducted by the evangelist, he will make a short talk on, "Does it pay to be a Christian?" and then the meeting will be thrown open for Christian men and women to witness for Christ by answering the question, "has it paid me to live the Christian Life?" As this is to be the first testimony meeting conducted in Newark, a great crowd will no doubt be present. Song service under the direction of Mrs. Hulisher every evening at 7:15. Everybody is invited to come and learn these new stirring songs.

MISERABLE

CONDITION OF THOSE ESCAPING FROM WAR ZONE, MAKES NEWS UNRELIABLE.

Cold and Hunger Affecting Connected Accounts Given of Fighting in Flanders.

(ASSOCIATED PRESS TELEGRAM)
The Hague, via London, Nov. 19.—Advices received here from Thielb, Belgium, which were brought by way of Sas Van Gent by messenger and are dated Monday, November 16, state that West Flanders, the scene of incessant military operations, remains an island cut off from the rest of Belgium through the blowing up of most of the bridges leading thereto. Peasants are obliged to make emergency bridges from planks and crawl along these to escape from the danger zone. The Germans have declared the territory west of the railroad running from Antwerp to Brussels and thence to Mons an official war area where nobody, including even the Germans, is allowed to travel without a special military passport.

It is difficult to obtain reliable news of the situation in the war zone as the bedraggled men and women, who manage to escape, are too miserable, through cold and hunger, to give a connected account of their experiences. Their only definite recollection seems to be the continued cannon fire and the endless processions of wounded filling their villages.

It was learned from some of them however, that Dixmude, the scene of such severe fighting, is entirely ruined. Neuport also suffered severely. The principal church there has lost its tower and its roof and the renaissance carvings in its interior have been demolished. In Ypres the cloth hall, which was one of the few ancient buildings saved from the English siege in the year 1383, is severely damaged by shrapnel fire.

In Termonde the Germans have ordered the schools reopened, but since the ten thousand inhabitants have been reduced to a hundred, there are no pupils, and besides, as four-fifths of the town is in ruins, there are no schools. The bridges here are lightly guarded by men of the Bavarian landwehr.

Ghent is deserted by its population but is overflowing with German wounded. Zeebrugge according to reports, has been made a station for submarines by the Germans. At Alost, the population is beginning to return. The people are establishing themselves in shacks and in the ruins of their old homes.

From the entire province of Flanders, where the roads are full of aimlessly drifting people, come creditable reports of ever increasing suffering and privation. Food is exceedingly scarce and many persons are reported as

"At the conclusion of the program when the orchestra played the 'Star Spangled Banner' and the delegates united in singing this hymn, the entire audience arose as one man to express their kind respect for America. This sentiment seemed to be universal in Germany, but the delegates say it was nowhere so forcibly demonstrated as in Breslau."

BRILLIANT

ATTACK BY ENGLISH AND FRENCH SOLDIERS AND SAILORS THROUGH WATER.

Causes Germans to Evacuate Belgian Town, According to Correspondent's Dispatch.

(ASSOCIATED PRESS TELEGRAM)
Paris, Nov. 18.—A brilliant attack by British troops and French sailors caused the Germans to evacuate Schoorbakke, Belgium, which is practically surrounded by the water from the broken dykes.

Because of the flood only two roads were open to the town and on one of these the British approached in two armored automobiles. It was a night attack and the Germans in the town immediately turned their attention to them. Meanwhile the blue jackets, who had made rafts on flat bottomed boats, crossed the water and took the Germans in the rear, forcing them to flee by the one road still left open. The Germans abandoned many guns, ammunition and stores and their dead and wounded.

There is some anxiety here as to just what has happened at Chauvin court, a village near St. Mihiel on the Lorraine frontier. On Tuesday the French official communication reported that the French troops had occupied the western part of Chauvincourt and yesterday's official statement said that this part of the town had been blown up by the Germans who apparently had mined the place before they retired. How severely the French troops suffered by this exploit is not yet known. Chauvincourt, which contained vast French military building and stores, is on the right bank of the Meuse. It has been occupied by the Germans for some time and is an important link between Argonne and Metz.

The Belgian army is drawing a supply of new officers in large part from the Belgian civil guard. According to a member of the Belgian war office at Havre, the civic guard is composed of men who have seen service in the army and are well qualified to become officers. Figures are not yet available regarding the results of the mobilization of the Belgian class of 1913 or regarding the call for volunteers but it is known that the young men refugees in Holland, England, and France are responding with great readiness and enthusiasm.

WHAT \$10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent two dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALLEY, 601 Colquitt Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

BAD COLD? FEEL HEADACHY, DULL AND STOPPED UP

Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops mucus discharge or nose running; relieves sick headache, dullness, tiredness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't cost a substitute.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Agents, Hall's Drug Store.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped up air passages of the head will open, you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nose; penetrates and heals the inflamed, swollen membrane which lies the nose, head and throat; clears the air passages; stops nasty discharge and a feeling of cleansing.

Soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.

GERMANY AS A NATION, PAYS TRIBUTE TO RELIGIOUS DAY OF REPENTANCE.

Crowds in Berlin Streets Show Practically no Less Men Than Usual.

[ASSOCIATED PRESS TELEGRAM]
Berlin, Nov. 18.—(Via The Hague and London)—For the first time since the outbreak of the war the Germans spent the day without their newspapers, the publication of which was suspended because of the religious day of repentance.

The streets of Berlin today were crowded with the customary throng, the crisp autumn morning having brought out a host of promenaders. The crowds were scarcely different from those seen in ordinary years and there seemed to be almost as many men as usual. The spirit of the promenaders was confident as a result of the Russian defeats reported yesterday.

The Hague Free Press correspondent gives details of the capture of Valjevo, Servia.

The attack began at 11 o'clock, despite vigorous resistance, enveloped the Servians left wing and drove it in. The right wing was simultaneously threatened by an outflanking movement from Rulupara and a devastating fire completed the discomfiture of the Servians, who, by 5 o'clock in the afternoon, were in full retirement on Arandielovatz, abandoning fortifications on which they had worked for years and which were considered impregnable. It is doubtful whether the Servians will make stand at Arandielovatz.

The Servians had no time to bring off or to destroy their guns or supplies, great quantities of which fell into the hands of the Austrians. Over 6000 Servians were taken prisoners.

Record Breaker At First Church Saturday Night

For more than six years the ladies of the First Presbyterian church have served Saturday suppers in the church, missing only two Saturdays in that long period. Their success has been remarkable and the fund growing out of their efforts has gone a long way towards paying the debt on the new church.

Up to last Saturday the record attendance for one day was 692, but Saturday the 14th broke all records when 749 people were served with a splendid turkey dinner. Another turkey dinner is to be served next Saturday evening.

World's Greatest Plague

The subject of Miss Rudy's address at Plymouth church last night was, "Every man shall know the plague of his own heart." 1 Kings 8:38.

Sin is a merciless plague and every living soul its victim. It does not spare the infant in its mother's arms, it blights and spoils and ruins and devours wherever it goes. Through it children are worse than orphaned, youth is blighted, young womanhood and young manhood wrecked; parents sent to premature graves, broken-hearted; homes are broken up and in sin marches like a merciless monarch, seizing everything in its path and leaving its trail of misery and death behind. If the world had known no sin we would have no occasion for insane asylums, institutions for the feeble-minded; industrial homes for boys and girls; workhouses, penitentiaries, sanitarians, hospitals, infirmaries and graveyards. The Holy Spirit is a faithful Photographer. He shows to a heart its spots and blemishes. He knows not the art of retouching—he remakes. In God's holy sight sin is sin, and we do well to know the plague of our hearts. Our very ignorance reveals the depths of the fall.

It is a pitiful sight to see men headed hellward when heaven has given its best and ample provision has been made for their redemption through the sacrifice of Calvary!

An interesting and helpful service was held this afternoon in which Miss Rudy spoke on "The Secret of a Victorious Christian Life." Another service will be held on Friday afternoon at 2:30 o'clock. Let the people of Newark take this opportunity to hear Miss Rudy. Service tonight and Friday night and a full program for the week to come. Come and enjoy these meetings.

and it is not improbable that the Mt. Union game will be played after all.

It is apparent that Denison, if victorious at Cleveland, is anxious that there be no possibility of doubt as to their claim to the championship, by a Mt. Union plea of non-elimination.

Ohio State is not considered by most of the conference eleves. This is particularly true in the Denison Camp.

If the Mt. Union game is scheduled, it probably will be played at Cleveland and a part of the proceeds used for relief work among the European women and children, destined because of the great war.

It Really Does Relieve Rheumatism.

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel a pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents at any druggist and have it in the house against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

After having voted against the proposition to schedule an extra game with Mt. Union, the only team standing between Denison and the state conference championship outside of Reserve, which team will be played Saturday. Denison athletes are experiencing a change of heart.

Women will be eligible to get the degree in journalism offered by the New York University.
